Big Data Analytics (DSSM 2022W)

Goal 1

Within this semester, I will attend every class, submit every assignment, and will not miss any test to score good grades.

Goal 2

Within 2 months I will complete the book (**Think and grow Rich**) that I have started reading a while ago.

Goal 3

During Term 4 I will start my internship as a Data Engineer, fulfil all my duties and responsibility and secure that position for full time.

Goal 4

After my convocation I will start to enhance my skills and knowledge required to be a Data Scientist.
